The downside of the internet for books is that there is usually no personal contact between the bookseller and the book buyer.

We hope to remedy this by offering a bespoke and customer focused service.

For this catalogue we just took three shelves of books at random from our very large and low-priced stock, to show the diversity of the subjects we cover. Hopefully this will help you see how worthwhile it might be to browse our website: www.kbooksLtd.co.uk when you have the time.

It is a fantastic feeling to be producing almost 'real' catalogues again. The fun of cataloguing the books and the excitement of waiting for your orders ...
